

The Story of Beau the Cavalier!

...it has been a year since we got Beau and we continue to just love that dog! He went with us this summer to Outer Banks on vacation and did really well. He's exactly the right dog for us - very cuddly and loving. Likes to "laze around" but is very compliant about walking 2 miles a day during the week and 4 miles on the weekends. We are really happy! I wanted to share a story that my son, Spencer who is 7, wrote in school. Of all the kids, he was probably the most resistant to getting a dog, but, now - I think Spencer is Beau's biggest fan! Below is his story...

Guess what? One year ago I got a dog. His name is Adora Beau! But we call him Beau. He was in the Dog show! But he retired. He is not very active. It looks weird when he poops and pees. Did I mention that I do not pick up the poop? He does not play games. But he does do cool tricks. This would sound weird but every time I give him a treat he runs to my mom's office. When we got him he wouldn't eat carrots but now he does. It looks like he's sad all the time because he pouts. He can run really fast! He barks really loud. He can dance and clap too. He can eat turkey. That is all my awesome, cool, out of this world dog does.
